CORPORATE CRIME SCENE INVESTIGATION

Teaming Up to Solve a Crime...First!

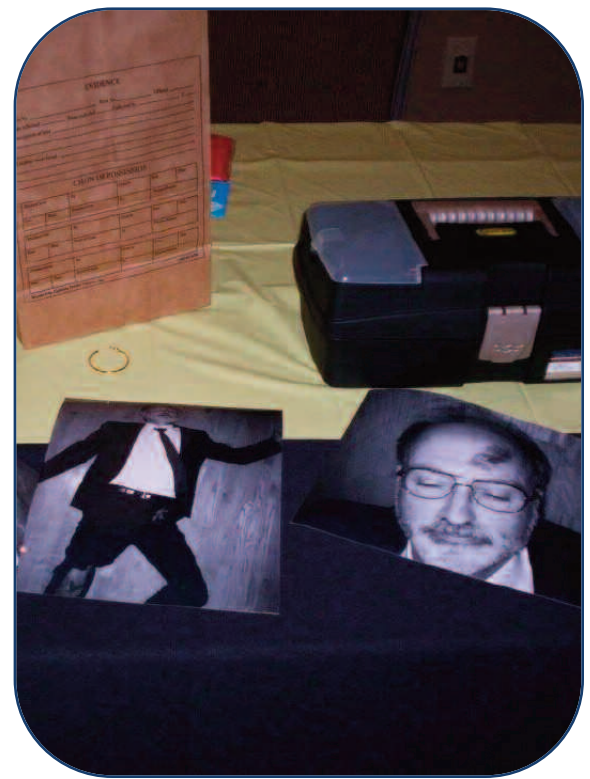

Benefits & Results:

- Boosts morale
- Cultivates teamwork
- Enhances decision-making skills
- Fosters team problem-solving
- Improves goal mapping
- Builds communication skills

*Dusting for Prints & Grilling Suspects
is Only the Beginning...*

The Game:

Teams jump into crime-solving mode and become sleuths and forensic experts like Grissom, Willows, Stokes and Captain Brass on the very popular TV show! Together, they work to solve the mystery behind a specially designed CRIME SCENE right on the premises of your meeting, dinner or special corporate event. Groups break up into several smaller CRIME SCENE INVESTIGATION TEAMS, as determined ahead of time by you or randomly by us during the event (your choice). Then, with a burning desire to solve the mystery, each team sets out in a feverish effort to be the first team to get to the bottom of crime.

After a training module to go over the scenario, and the tools used in forensic collection and crime-solving, teams get to work. Each team uses their collective skills of observation, critical thinking and just plain smarts as they examine the crime scene, dust for prints, sift for clues, and scout out evidence to aid in the CRIME SCENE INVESTIGATION. They'll receive critical information via investigation, autopsy, ballistics, and trace reports. They'll even get opportunities to grill actual murder suspects (played by acclaimed teambonding CharActors).

CORPORATE CRIME SCENE

INVESTIGATION cont.

Part murder mystery, part board game, and part scavenger hunt all rolled into one CORPORATE CRIME SCENE INVESTIGATION is a wildly fun event where your groups do all the sleuthing and reach conclusions based on teamwork and their amazing powers of deduction! The program is a great metaphor for teamwork within the workplace, as well as being an excellent time! Expect teams to be entertained and energized throughout the event and after!

Of course, TeamBonding takes care of all the details involved with planning, creating and leading the event to make it unforgettable and engaging for your group.

Ideal Usage:

- Retreats and symposiums
- Conferences

Program Length:

- 2-3 hours, depending on the size of your group. Please let us know your specific needs regarding time, if appropriate. We are as flexible as we are creative!

Training Module or De-Brief:

- This program includes a both a training module to go over the scenario and a de-briefing to go over the crime scene investigation.

Minimum/Maximum Group Size:

- CCSI works well for groups ranging from six to 250. But because this event requires lots of careful observation and detail, it's ideally suited for moderately sized groups of 30 to 100.

Space Requirements:

- Flexible. Indoors or out, it's best if the actual crime scene can be located in a separate room or outside area, but we can accommodate your needs.
