

teambonding

Experience the power of play!

“The Team Bonding CCSI event was fantastic!! I heard a lot of positive things from our groups. People really got into it. Larry and his crew were hilarious. Tell them we said thank you.”
Karin Dailey – Bayer

Primary Benefit: Team building

Secondary Benefits:

- Group awareness
- Morale builder
- Decision making
- Problem solving
- Goal mapping
- Prioritizing

CRIME SCENE: DO NOT CROSS CRIME SCENE: DO NOT CROSS CRIME SCENE: DO NOT CROSS

The Game: Here's your chance to be just like Grissom, Willows, Stokes and Captain Brass as you take on your own specially designed **CRIME SCENE INVESTIGATION**, just like the forensic experts do on that very popular TV show.

An actual **CRIME SCENE** will be created for you and your guests – yes, right on the premises of your meeting, dinner or special corporate event. Your group then breaks up into several smaller **CRIME SCENE INVESTIGATION TEAMS**. Each sets out in a feverish effort to be the first team to get to the bottom of crime.

Each team will get to examine the crime scene, dust for prints, sift for clues, and scout out evidence to aid in the **CRIME SCENE INVESTIGATION**. They'll receive information via investigation, autopsy, ballistics, and trace

reports. They'll also get opportunities to grill actual murder suspects (played by acclaimed teambonding CharActors).

CORPORATE CRIME SCENE INVESTIGATION is part murder mystery, part board game, and part scavenger hunt all rolled into one. But with this wildly fun event, your guests do all the sleuthing. What an excellent team builder!

CRIME SCENE: DO NOT CROSS CRIME SCENE: DO NOT CROSS CRIME SCENE: DO NOT CROSS

As with all teambonding events, we do all the planning, creating and legwork. It's the best way to guarantee you a fun, engaging and wrinkle-free experience.

Training Module or De-Brief: This program includes a both a training module to go over the scenario and a de-briefing to go over the crime scene investigation.

Minimum/Maximum Group Size: We can make CCSI work well for groups ranging from six to 250. But because this event requires lots of careful observation and detail, it's ideally suited for moderately sized groups of 30 to 100.

Program Length: This program typically runs approximately two to three hours, depending on the size of your group. Please let us know your specific needs though – we are famous for being as flexible as we are creative.

Space Requirements: Solving a murder can be great fun indoors or out. It's best if the actual crime scene can be located in a separate room or outside area, but let us know what you have to work with.
