

Just Desserts

“ We really enjoyed the Recipe for Success program you did for us at our Leadership Meeting. The whole group enjoyed it, even more than I thought they would. It was a great way to mix some team bonding and our group dinner and take it all to a very new level. Thanks again for making our meeting memorable! ”
Nancy – Met Life

The newest addition to our acclaimed Team Cuisine series encompasses all of the proven Team Building components of our popular lunch/dinner events, but concentrates on everyone's favorite part of the meal – dessert! **Just Desserts** is the perfect choice for an after lunch or dinner program, or as a refreshing way to break up a day of meetings. Preparing and sharing these delicious treats offers a fabulous opportunity for bonding.

Your group is first divided into teams. The fun begins right away as each team comes up with a team name, plus a unique team cheer or rallying cry. This in itself can be quite hilarious, and helps set a tone of excitement and friendly competition for the rest of the event.

Next, each team is challenged to create desserts that look every bit as delicious as they taste. Every team prepares one or more mouth-watering treats worthy of a top French patisserie. Recipe for Success makes your job easy by providing all necessary ingredients, utensils and recipes. Rest assured, every dish will be made from scratch. No slice n' bake here – your group deserves the best!

Once complete, all of the tempting creations will be showcased on a Grand Buffet. Everyone can now sample each creation. Then in come the judges. The day's champions are chosen based on product taste and presentation, with points also awarded for the leadership and teamwork that went into each team's effort. We can also customize additional judging categories to help underscore a conference

or event theme, company goals, or anything else you'd like to emphasize.

A short debrief follows, giving teams the opportunity to share their team names and cheers, plus discuss what they've learned about working as a team. We find there are always important lessons that any group can implement immediately once they're back in the workplace. How sweet it is!

Outcomes:

- Fun and camaraderie
- Creative thinking
- Teamwork in an unfamiliar setting
- Boost morale

Features: Teams create their own desserts from scratch!

Ideal Usage:

- Following lunch or dinner
- Company outings/celebrations
- Kicking off training seminars
- New product launches

Group Size: 10 – 300 +

Time: 2 - 4 hours, depending on your specific needs and group size

Space: Each team will need a table large enough to accommodate dessert preparation. You'll want a room large enough to accommodate these tables. Very large events can be done in a ballroom or outdoors.
