

Urban Scaventure

Customized indoors or out, in the city,
in a museum, or in a zoo

Our Urban Scaventure is our most versatile of hunts. As each hunt is customized, this hunt can be and has been done anywhere and everywhere. Originally designed as a walking photo hunt, our classic scavenger hunt is customized to bring out the best in your team, allow team members to learn something as a group and bring out the different skills in each team member - all this while having a great time discovering new things about their surroundings and each other.

How does the hunt work?

This is an on-foot hunt custom designed to the location that you choose. Teams of 6 to 8 individuals each compete with one another to capture on film as many items as two hours will allow. These items include photo opportunities, creative team challenges, and customized company information written into the list of 100+ items. We can even add professional actors to pop-up throughout the game with additional clues and challenges. Equipped with Digital cameras, a team mascot, an item collection bag and optional team identity items such as T-Shirts or bandanas, teams strategize, communicate, problemsolve, negotiate and work together as a team in an event that is disguised as so much fun. The fun continues when teams gather at the end for the tallying of the points and the sharing of the team challenges.

And the winner is...your entire team!

Ideally, the hunt ends at a location that allows the group time to share their experiences with each other and tell stories, showcase team challenges and share the photos with the group. The Digital photos are downloaded to a laptop and projected on a big screen.

Our facilitators work with the teams to validate the photos and present comedic wrap up highlighting the accomplishments of the individual teams and the group as a whole. At the end of the judging, prizes are awarded and teams get their photos to share, post on a company website or to frame as a reminder of the day that they experienced the kind of camaraderie that can't be found out on a rope.

Comments From Past Clients:

“Things went off great! Everyone was jazzed up. Michael Riley did a wonderful job. He's a fun guy to be with. There is a buzz here at the store this morning. I'm sure I will be getting with you guys to put together another one for a different group from here. Thanks again, the event was great.”
J.E. - BMW, Concord, CA

“I just wanted to send you a big THANK YOU! We had our hunt on Friday at the Met. It was a great hit! We had a lot of good laughs and Kathy was outstanding her enthusiasm and take charge attitude was greatly appreciated. She really took the ball and ran with it. You should be proud to have someone like her working for you, she did everything and more then we asked for. I am going to send out your company website to all of our Conference planners for each of our properties in the US.”
J.D. - Dolce International

“Thanks so much for touching base with us. We had a fantastic time. It was extremely well constructed and executed. The department has been raving about it.”
M.Sp. - Gorton's Seafood

“Our recent Scavenger hunt went really well, it was quite a success! Our employees had a great time and I received many favorable comments. Thanks for your help in setting up the event! The hunt was a great way to bring our employees together.”
