THE TREASURE HUNT ADVENTURE

Navigating Your Way to Teamwork!

Benefits & Results:

- Builds camaraderie and team spirit
- Encourages strategic thinking
- Promotes negotiation skills
- Fosters effective group decision-making
- Enhances communication skills
- Celebrates teamwork and collaboration

An Interactive Team Builder Based on the Sport of Orienteering!

The Game:

The Treasure Hunt Adventure simulates the challenging and fun navigational sport of orienteering by turning it into a team building event that fosters collaboration, interaction and a fantastic time for all! Teams work in small groups, larger groups, and altogether to ultimately find and share in the treasure they locate — thus mirroring working together toward success in the workplace.

In addition to having fun, the group enjoys the grounds of the venue, gains appreciation for each other in a non-traditional setting, and strengthens personal connections.

How does it work? First, we create a custom map of your event site or conference center and turn it into an adventure designed for adventurers! The entire group is divided into teams, each with its own set of clues to find. Each team works from their detailed map to locate the key that unlocks a treasure chest full of goodies.

Teamwork ensues as teams begin hunting for clues outside and inside the venue. To acquire additional clues, teams perform tabletop challenges that require all the senses. Team games include "Blindfolded Puzzle," in which only one blindfolded team member can touch the puzzle pieces, and "Newspaper Headlines," in which creativity reigns as teams create a flipchart page with stories and headlines about their group. To ensure the perfect mix of activities, we combine physical challenges and cerebral challenges in a proportion that you deem most appropriate for your group. These challenges and shared activities bring teams together to work successfully in finding the key to the treasure.

Continued

“Everyone was engaged and excited throughout the event, and had fun. Your processes, activities, presentation, and maps were quite good. Thank you for a very enjoyable activity for the group.”

THE TREASURE HUNT

ADVENTURE cont.

Soon, teams begin to realize that the only way to locate the treasure is by working together. Some clues can only be acquired when the group completes a fun challenge. Clues can be presented as either Trivial Pursuit or Jeopardy-style questions, and can include customized questions about your company. Each team's immediate goal is assembling their part of a riddle. When combined, all team answers add up to reveal a final riddle.

The excitement builds when teams join forces to find the key, as everyone contributes to the success of the search, and looks forward to sharing in the treasure. The treasure can be anything you wish — tee shirts for the group, souvenirs or mementos of your seminar or conference or other prizes.

The Treasure Hunt Adventure is a highly engaging and immersive experience that promotes teamwork and interaction among all employees. Because teams work in small groups, larger groups and then altogether, it connects your group as one team, fulfilling a mission together. It's a fun and challenging adventure that your group will never forget!

Ideal Usage:

- Conferences
- Retreats/Annual events
- New project kick-offs
- Team restructuring

Space:

This event can be staged anywhere. We have conducted successful programs at resorts, hotels, conference centers, parks, zoos, theme parks and more!

Minimum/Maximum Group Size:

20 to 1,000

Program Length:

Typical treasure hunts last 2 to 3 hours depending on the size of your group. However, some firms prefer a full day centered on traditional orienteering in a local forest.
