

# THE GREAT APPETIZER CHALLENGE

## BENEFITS & RESULTS

- Fun
- Negotiation
- Prioritization
- Communication
- Innovation
- Problem Solving

If you are looking for an event that is similar to our other great culinary programs, but a bit shorter in duration, you'll love our *Great Appetizer Challenge*. Your group will tour the world by preparing hors d'oeuvres from every corner of the globe!

As with all our teambuilding programs, your group will face many challenges along the way that will require a high level of communication and collaboration in order to successfully complete the tasks. Through the use of food preparation, your team will realize their high potentials and understand themselves better collectively as a team. In addition, there is a competitive component to *The Great Appetizer Challenge*.

First, your group is divided into teams. Each team is then challenged to create appetizers that look great and taste great (no pigs in a blanket here). We provide all of the necessary ingredients, utensils, and recipes.

Once completed, all of the tempting creations will be showcased on a Grand Buffet for all participants to share and enjoy. In the event's finale, the judges will select a champion based on taste, presentation, team work, and leadership.
