

CHARITY BIKE BUILD

MAKE AN IMMEDIATE DIFFERENCE IN THE LIVES OF DESERVING CHILDREN.

BENEFITS & RESULTS

- Builds team communication skills
- Strengthens problem-solving
- Inspires teamwork toward goal
- Develops resource management skills
- Promotes time management
- Cultivates customer service and connection
- Fosters big-picture thinking
- Identifies team strengths

Armed with wrenches and enthusiasm, your team diligently constructs the ultimate human-powered rocket — a child's bicycle! Throughout the activities, teammates are navigating fun and challenges to earn enough "chips" to purchase parts to construct your team's bike the first off the line!

The final bell rings. You wheel your mechanical marvels to the presentation/start line. Everyone is poised to present their bike and "marketing commercial" to their TeamBonding 'customers'. Suddenly a door at the end of the room bursts open. Now, your real customers come running out – children from your community! Imagine the delighted surprise that fills the room when your group finds out that these children, many of whom have never had a bike before, get to take these newly built bicycles home!

We all want to make a difference in the world. The TeamBonding *Charity Bike Build* gives your team the opportunity to do so, with immediate, tangible results built into the process. This do-good, feel-good program is an extraordinary way to infuse a conference with energy, create a feeling of immense goodwill and to build a sense of connection beyond day-to-day work challenges. If you want a fun-filled, meaningful event that your people will never forget, this is the one.

For most of the children, ages 6 to 10, the bikes built by your team are their very first.

PROGRAM LENGTH:

Approximately 2 - 3 hours

GROUP SIZE:

15 - 1,000+. The larger the group, the more bicycles you make, and the more children in your community benefit!

TEAM SIZE:

8 - 10 people per team

SPACE REQUIREMENTS:

You'll want a large, open space. This can be indoors or outdoors – your office building, a ballroom or conference room, even a parking lot. 20 square feet per participant is a good guideline.

TRAINING/DEBRIEF:

This program can easily include a debrief by one of our experienced Facilitators. We'll be happy to customize your debrief to link the whole event (and the spirit behind it) to your organization's values, goals and culture.

IDEAL USE:

- Annual events
- Company picnics
- Community service days

"Our group had a great time! It was one of the best team events we have held and certainly the most rewarding."

M.A.R. – JDSU

CHARITY BIKE BUILD

MAKE AN IMMEDIATE DIFFERENCE IN THE LIVES OF DESERVING CHILDREN.

TeamBonding typically partners with The Boys and Girls Club to identify children most in need. We are also happy to partner with a local beneficiary of your choosing.

The *Charity Bike Build* can be held anywhere. We come to you complete with everything you'll need to ensure an exhilarating and memorable event.

Each child receives:

- A brand new bicycle built by your group
- A brand new bike helmet

Your team's positive energy after this event will be contagious. They'll experience a sense of camaraderie, accomplishment and purposefulness that will spill over into work and strengthen meaningful connections with each other. And, best of all, they'll take great pride in making a difference, and will appreciate that you made it possible.

TeamBonding takes care of all the logistics – making you look good while ensuring the whole event is organized, enjoyable and unforgettable. Remember, keep the finale a surprise for the participants – don't spill the beans! The surprise value of the big finale provides a powerful impact that cannot be overstated.

"Everything was fabulous! With the charity – seeing their faces made such a difference."

A.M. – ARROW
