

ICE SCULPTING

THE WORLDS COOLEST TEAMBUILDING EVENT!

BENEFITS & RESULTS

- Boosts morale
- Celebrates creativity
- Fosters cooperation
- Encourages healthy competition
- Builds team spirit and sense of accomplishment

Ice Sculpting is an unforgettable teambuilding experience that really engages participants. After all, how often do you get the chance to create an ice sculpture? Teams tend to love this program! Creating a masterpiece, together!

Let's get this out of the way right up front: no, we don't do ice sculpting with chain saws! Instead, teams will learn to use safe tools and techniques to create their masterpieces, led by a genuine Master Ice Sculptor! Of course, we provide our famous TeamBonding touch – experienced facilitators who make the event fun, happy and memorable – with laughter as the secret weapon. Participants split up into teams, with the creative challenge and goal of sculpting a giant block of ice into a work of inspired art, demonstrating just how powerful frozen water and teamwork can be.

Once teams are assembled, everybody watches an impressive demonstration by the genuine Master Ice Sculptor. This crash course in ice sculpting tips and techniques includes how to use of tools to create ice sculptures and present them. After watching a Master in action, teams get to work planning, designing, building, displaying and lighting their very own ice sculptures. The results are fun, funny, and more often than not, pretty impressive.

PROGRAM LENGTH:

Approximately 1.5 - 2 hours

GROUP SIZE:

15 - 250+

TEAM SIZE:

3 - 4 people per team

SPACE REQUIREMENTS:

This can be done indoors or outdoors – pretty much year round. If indoors, the melting ice chips should be taken into account when selecting a room.

IDEAL USE:

- Annual events or holiday parties
- The perfect "ice breaker"
- Conferences

"The ice sculpting event was wonderful. The team loved being able to be creative and working with others to solve a completely unexpected problem.... It was a big success."
