PROOF THAT TEAMWORK CAN BE DELICIOUS.

As part of our acclaimed Team Cuisine series, *Just Desserts* encompasses all of the proven Team Building components of our popular lunch/dinner events, but concentrates on everyone's favorite part of the meal – dessert! *Just Desserts* is the perfect choice for an after lunch or dinner program, or as a refreshing way to break up a day of meetings. Your team will prepare and share delicious treats, taking a rare opportunity to create something uniquely apart from the world of work, together!

HOW IT WORKS:

Your group is divided into teams. Just as fast as you can say "creampuff" the fun begins! Each team comes up with a team name, as well as a unique team cheer or rallying cry. The passion builds and the atmosphere can be quite hilarious, but it all sets the tone for excitement and friendly competition.

Next, each team is given a challenge: create desserts that look every bit as delicious as they taste. Each team prepares one or more mouthwatering treats worthy of a top French patisserie – from scratch. Recipe for Success makes your job easy by providing all necessary ingredients, utensils and recipes. No slice n' bake here – your group deserves the best!

EXPERIENCE THE SWEET REWARDS OF TEAMWORK!

Once complete, all of the tempting creations will be showcased on a Grand Buffet and everyone samples each creation. Of course, they're all delicious. But, the judges have the final say. The day's champions are chosen based on taste and presentation, with points also awarded for the leadership and teamwork that went into each team's effort. To underscore a conference or event theme, company goals or corporate vision, Recipe for Success can customize additional judging categories.

At the delicious conclusion of the event, our facilitators will conduct a short debrief, giving teams the opportunity to share their team names and cheers, and discuss what they've learned during working together. No matter the team or the industry, there are always important lessons that groups can implement as a result of this tasty event. How sweet it is!

In Just Desserts, everything is made from scratch. There's no "slice-and-bake" here! Your group deserves the best!
