

# SPY HUNT

## EXPERIENCE TEAMWORK THROUGH ESPIONAGE

### BENEFITS & RESULTS

- Problem Solving & Time Management
- Fosters camaraderie & collaboration
- Promotes strategic thinking & negotiation

This hunt is a game of espionage that will require cunning, strategy, teamwork and boldness of heart. It's a game within a game, just as the world of intelligence and counterintelligence is. Your team will bond... James Bond!

Mystery and Intrigue, that's what you get when you plan a *Spy Hunt*. Your teams will move from destination to destination by following and finding clues, deciphering puzzles and receiving information through secret agents. Their aim is to identify a counterfeit organization while collecting as much laundered money as possible.

Participants will be briefed by our top agents who are delivering information from Executive Agent Q. As they depart, they receive a "Top Secret" attaché portfolio with schedules and information. At certain predetermined destinations, teams are challenged with missions to accomplish before moving to the next location. Secret Agents, spies, hit men and informants are scattered throughout the route to help or hinder the team's progress. Teams rendezvous at the final location where they are debriefed, before discovering who accomplished the mission successfully, becoming the winning spy team.

Your mission, should you decide to accept it, is to use *Spy Hunt* to accomplish your team building goals. We guarantee that your participants will have a great time!
