

TEAM MIXOLOGIST

MIX UP YOUR TEAM BUILDING WITH A TASTY AND CHALLENGING TWIST.

BENEFITS & RESULTS

- Exciting interactive mixologist themed events
- Shared team experience
- Framed around real time team soft skills
- Great warm up to a fantastic night

This event is like mixing energy drinks with vodka. Fun that keeps going, sweet tasting, and doesn't make your breath smell bad. We have taken time in building an event that really takes care of the details. From learning outcomes around "team function" to highly engaging "retro gaming" to ways to mix up the silos in your team - from start to finish this event serves up results.

Teams will be welcomed to the event with a tasty mocktail that will set the stage for this reality TV themed show audition sponsored by your company! Our first mixer will put your team in a blender and result in some unique and tasty new connections. From there the neon light illuminate and the bar games are open. We will talk and explore experientially the need for teams to "raise the bar," "count the quarters," and drive the "cement truck" to greater team success. When you finally get the tab, you'll realize that quality learning and fun are the only charge of the day.

Unlike a big night out, this is an event your team will not soon forget. In fact, you will have raised the meeting bar so high, they will be eager to shimmy up for your next TeamBonding happy hour.

PROGRAM LENGTH:

Approximately 1 - 2 hours

GROUP SIZE:

40 - 120

TEAM SIZE:

4 - 6 people per group

SPACE REQUIREMENTS:

A meeting room with rectangular tables and a stocked bar.
