

CHARITY DASH

GIVE BACK AND MOVE YOUR TEAM FORWARD!

BENEFITS & RESULTS

- Great morale booster
- Strong corporate citizenship
- Enhanced communication skills
- Team accomplishment
- Creativity
- Time Management

Here's a wonderful philanthropic team building program that enables your group to have fun while helping individuals and groups within the community. Each team is tasked with challenges that range from putting a smile on someone's face, to raising some money for a local charity, to making the planet a little greener. Creativity and generosity are put to the test, and everyone walks away as a winner in this altruistic challenge.

Teams have two sets of challenges that can be performed simultaneously or consecutively. The entire hunt will be documented by the photos taken along the way using our smartphone app, making these activities something that can have a life in your company beyond the event day.

There are four goals in this philanthropic adventure. Teams must work together to see which team can earn the most points and do the most good.

- **Goal A- Go Green**
- **Goal B - Random Acts of Kindness**
- **Goal C- Canning for Good**
- **Goal D- Race for a Reason**

You and your co-workers will come away from this event with a strong sense about what it really means to be "thinking globally and acting locally", as well as, learning to reach out to others and lending a helping hand, more often!
