The mysterious Mr. X has been murdered! You have a pretty good idea of when the crime was committed; the body is still warm. But as a team of top detectives, you still have to piece together the rest of the puzzle. Who is the murderer? Precisely where did this horrible crime take place? What weapon did the killer choose?

Clue Live! is a hilarious and intriguing live adaptation of the classic board game, Clue. Your teams will have a rollicking adventure as they traverse the city in search of all-important clues. They'll discover and reveal clues in unlikely places. All the while, six costumed CharActors roam the hunt area and provide your team with vital information but only in the form of one-line responses. It's only by combining and comparing these cryptic statements that teams sleuth out the truth and identify the guilty party.

Each team will have to work together to succeed. They'll also have to cooperate with competing teams to identify the murder weapon. When teams think they have cracked the case, they'll head to their final destination to revel in the glory that comes with solving a tough investigation.
