

THE PROGRESSIVE NETWORKING DINNER

FINE DINING WITH FUN AS THE MAIN COURSE!

BENEFITS & RESULTS

- Builds camaraderie and connection
- Energizes your team
- Encourages mingling, networking
- Fosters excitement and communication skills
- Alleviates classroom "brain-drain"
- Celebrates unity

Give your team a great experience and a wonderful dining experience that they'll never forget! *The Progressive Networking Dinner* is an energizing, fun way for your team to get to know each other while enjoying a fabulous meal. This unique combination of fine dining and team building fun begins with an "ice breaker" for the entire group. Then it's interactive fun as you enjoy each part of the meal at a different table with different people. As your team enjoys the appetizer, salad, main course and dessert, they engage in a tabletop game or exercise and will learn more about each other, while improving team skills and building new connections.

The Progressive Networking Dinner can be held in a restaurant of your choice, a hotel banquet room or even at different restaurants for each course. Our energetic and entertaining Master of Ceremonies facilitates the program, leads the tabletop games and exercises, coordinates the changing of the tables and works with the restaurant on the timing of the courses.

The Progressive Networking Dinner is a wonderful way for your team to get better acquainted, celebrate team success together or create a springboard of enthusiasm and energy for a meeting, off-site or executive retreat!

PROGRAM LENGTH:

Approximately 1.5 - 2 hours

GROUP SIZE:

40 - 200+

TEAM SIZE:

6 - 10 people per table
