

PUB CRAWL SCAVENTURE

TEAM BUILDING ON AND OFF THE ROCKS!

BENEFITS & RESULTS

- Boosts morale
- Builds camaraderie
- Promotes team unity
- Breaks down barriers
- Builds communication
- Celebrates making new discoveries and learning

First, there was the pub-crawl. Then came the scavenger hunt. Now, for corporate groups looking for treasure on and off the rocks, the two concepts have morphed into the only and one: *Pub Crawl Scaventure*.

The *Pub Crawl Scaventure* is a non-traditional barhopping journey that challenges the mind and your team's social skills. In an effort to win the coveted first place prize, teams use cunning and creativity to get ahead. Participants are challenged to different street challenges as they trek to each of the walk-able bar stops, and then bar challenges once they arrive at those destinations.

Along the way teams will also be on the hunt for creative bar related finds, like swizzle sticks, bottle caps and other bar memorabilia. At each of the bar locations the teams tackle puzzles and performances that are designed to challenge and entertain. Teams that complete their challenges the quickest or the best are rewarded with a round of appetizers at the bar locations.

Pub-crawls are customized for each city, can be branded to your company or meeting theme, and can be further customized to fit specific group needs. Unlike other pub-crawls, which focus mainly on imbibing, our journey includes mind games, treasure hunting, and delightful trivia! Whether you're looking for your group to just blow off some steam, or have a festive night out exploring the city, The *Pub Crawl Scaventure* is a great choice for your group!

SCAVENTURES
TEAM BUILDING SCAVENGER HUNTS

PROGRAM LENGTH:

Approximately 2.5 - 3 hours. Depends on the number of stops you pick for your crawl.

GROUP SIZE:

15 - 100

TEAM SIZE:

5 - 10 people per team

IDEAL USE:

- Team reorganization
- New project kickoffs
- Celebrate a recent success

"I cannot begin to explain the amount of fun we had with your Pub Crawl Adventure. I am so glad we found TeamBonding, and we are already trying to figure out a reason to have another one."
