

TEAM TEDDY RESCUE BEAR

A WARM AND FUZZY WAY TO GIVE BACK.

BENEFITS & RESULTS

- Enhances communication skills
- Promotes problem solving
- Builds time and resource management skills
- Fosters collaboration and big-picture thinking

Team Teddy Rescue Bear program is a unique way to bring your own team together while producing a wonderful gift of comfort and companionship for children in the community. Your group is divided into “dens” that work together to compete a series of games and challenges to gather points. During the program, they trade in their points to “shop” for clothing and accessories needed to craft the finished product - a high-quality custom teddy bear.

Designed to be both competitive, and collaborative, the bear build is balanced with levity and energy from our talented TeamBonding facilitators, who lead the dens in highly engaging tasks. Teams are free to choose clothing and props to add life and personality to their furry new creations. Depending on the time constraints of your event, we can add elements of clothing customization, and branded trivia to the standard program as well.

So who gets to be the proud owner of these delightful creatures, you may ask? TeamBonding works with your preferences to find the right charity or emergency service group to partner with for your bear donation. We’ve had great success with organizations that provide social services and outreach, organizations that work with military families, non-profits that work in conjunction with hospitals, and emergency services such as police and fire departments. TeamBonding requests that a representative from the benefiting organization to speak about their work and how the bears will be used at the conclusion of the program (due to many of the charity’s privacy concerns, it is rare that we have children onsite to receive the donations).

The tender conclusion of this program invariably leads to heartfelt applause. Participants involved in this fun, challenging event increase critical thinking and problem solving skills while taking part in a wonderfully altruistic event. *Team Teddy Rescue Bear* will be a fun, engaging program that gives meaning to teamwork and celebrates goodwill rewarding feelings of giving back, as a team.

PROGRAM LENGTH:

Approximately 2 hours. The program length is adjustable.

GROUP SIZE:

12 - 300+

TEAM SIZE:

6 - 8 people per team

SPACE REQUIREMENTS:

Any space large enough to comfortably hold your group will work. We will need a table for every team, and a seat for every participant. We also use a couple of rectangular banquet tables for supplies.

IDEAL USE:

- Conference/meeting breaks
- Project start-up, conclusion or mid-project motivation
- Award trips, annual meetings, retreats and celebrations

“I can’t tell you how much fun I had and how it did my heart good. To think a little boy or girl will receive a bear while they are sick in the hospital, there are no words.”
