TOOLS FOR SCHOOLS
BUILD-A-BACKPACK

BENEFITS & RESULTS

- Makes a tangible, immediate difference in your community
- Strengthens collaboration & communication
- Increases interaction and connection
- Encourages healthy competition
- Develops sense of pride and team spirit
- Creates goodwill

From the minute the bell rings and your team sets foot in their "classroom," the participants will be united in "school day" activities designed for fun and interaction. Led by TeamBonding "teachers," teams take part in a wide range of creative mental and physical challenges that require teamwork, effective communication, and a willingness to roll up their sleeves and get involved. Through completing mental challenges and trivia in team "workbooks", discovering their inner geniuses in a hands-on team science project and. And of course, having friendly competitions during "recess," your team will earn the items needed to build backpacks packed with school supplies that every child needs and deserves.

Along with backpacks full of notebooks, pencils, erasers, and other items, teams build 'artists' kits' for art class, first aid supply kits for the school nurse, and other useful classroom items. Teams are allowed to write fun, encouraging notes of support to the kids as small surprises in the backpacks and kits. *Tools for Schools* is guaranteed to be a fun, engaging, and memorable day for your company and community. It's a great event designed to give back, while giving your team the chance to create meaning and connect with each other, to make a big difference for kids!
