

WHEELCHAIRS IN MOTION

BRING MOBILITY TO THOSE IN NEED.

BENEFITS & RESULTS

- Make a tangible, immediate difference in your community
- Build goodwill
- Develop sense of pride and team spirit
- Enhance communication and collaboration
- Build time and resource management skills

Wheelchairs In Motion benefits you, your employees and the disabled recipients of the wheelchairs. In this lively charity team building event, your group will work together in teams to complete a series of challenges that will ultimately result in the assembly, testing, and decorations of wheelchairs for donation.

Tools such as organization, delegation, collaboration and some light mechanical skills are required for this challenge. This program is a perfect ally for a Corporate Social Responsibility (CSR) boost.

The goal of Wheelchairs In Motion is not only to build relationships with your team, but to also build wheelchairs suitable for deserving, disabled Americans who are unable to afford the proper mobility assistance. Build wheelchairs while building team skills to take back to the workplace.

Research has shown that giving has many upsides compared to receiving. Your organization doesn't need to be a non-profit or social enterprise to give back to the community. Our Wheelchairs in Motion will touch your team's heart as it marks an inspiring day that all will remember.

PROGRAM LENGTH:

Approximately 1 - 3 hours

GROUP SIZE:

300 - 500 people

"I just wanted to take a moment to thank you, Lauren, Kevin and his crew for making our event yesterday so special. Everything was great, the pre-planning and selection with Nanci, Lauren was fantastic with all of the organizational details. Kevin and his team pulled it all together and were amazing!!!! Our entire group had a wonderful time, for a great cause and Kevin's team captured so many great pictures for me to share with everyone."
