

BUILD YOUR OWN MINI-GOLF COURSE

A HOLE IN ONE FOR COOPERATION AND CREATIVITY!

BENEFITS & RESULTS

- Fosters creativity & teamwork
- Improves team awareness
- Builds cooperation
- Promotes time management skills
- Celebrates team problem solving
- Boosts morale

Whether or not you're a pro on the fairway, this creative event gets your team involved in a meaningful way. Participants bring ideas and designs to life by creating a one-of-a-kind mini-golf course that builds camaraderie, a good time, and a better putt!

Your group is divided into teams, each of which is responsible for designing and constructing a mini golf green. The challenge is to make each hole fun, interesting and conceptual. Your team provides the inspiration and we provide a rich assortment of tubes, pipes, boxes, and other whimsical building supplies to put success within everyone's reach.

Once the final course has been constructed on artificial turf, teams select representatives to actually play the course in a tournament. Other team members serve as official scorers and course marshals. Depending on your needs, TeamBonding can customize this program so that the entire course, as well as individual holes, can be designed to dovetail with your meeting/convention theme, company product line or whatever you wish.

PHILANTHROPIC VERSION:

The Tin Can Build Your Own Mini-Golf Course is a charitable version of the event that uses canned goods, packaged foods and other edible items to construct the obstacles of the mini golf course.

PROGRAM LENGTH:

Approximately 2 hours

GROUP SIZE:

24 - 300

TEAM SIZE:

6 - 8 people per team

SPACE REQUIREMENTS:

Minimum 2,000 sq. ft. space, indoors or outside. We recommend 25 sf ft per person for this program.

TRAINING/DEBRIEF:

Customizing the theme of the course provides a nice opportunity to segue the program into a training session, group discussion, etc. We enjoy the challenge of weaving your specific message seamlessly into the event.

IDEAL USE:

- Conference/meeting breaks
- Project start-up, conclusion or mid-project motivation
- Award trips, annual meetings, retreats and celebrations

"Build Your Own Mini-Golf Course was so much fun. Paul and his team did an outstanding job with less time than we ever thought possible. I have heard it was the best sales conference ever which is like music to our ears. Each member of your team is outstanding and they all were amazing!!!! Great job and thanks for everything."

W.G. – FEDEX

BUILD YOUR OWN MINI-GOLF COURSE

A HOLE IN ONE FOR COOPERATION AND CREATIVITY!

After the program, all groceries and materials are donated to a local food shelter or charity in your company's name!

Whether you choose the regular or philanthropic version of this program, *Build Your Own Mini-Golf Course* presents a great balance of challenging fun and friendly competition. All your team needs to do is work together to have fun. We do the rest, including judging the event and conducting the awards ceremony. TeamBonding's event staff keep everything moving smoothly, so your group can have a unique team building experience. The result? An event that is unforgettable fun!
