

# THE ULTIMATE TAILGATE CHALLENGE

TEAMS THAT TAILGATE TOGETHER, STAY TOGETHER.

## BENEFITS & RESULTS

- Builds morale
- Provides stress relief
- Fosters camaraderie
- Wacky, wild, zany and good fun
- Get to know your team

*The Ultimate Tailgate Challenge* is your back-to-basics experience, providing a popular program that will compliment any corporate celebration. It involves strategy, teamwork, throwing things and lots of luck. This is all about FUN!!!

Your teams will compete to gain the highest scores in each game. Teams rotate through the each activity as they challenge each other in head to head competition. Traditional games include Ladder Ball, Kan Jam, Washer Toss and Corn Hole.

Each person on a team partners with another team member to challenge a pair from the opposing team in one of the 4 activities. After each round, team members grab new partners and rotate to another game, allowing participants a chance to network and highlight their individual skills.

You have approximately two hours for the actual games. We also provide a professional DJ that will play music for an additional two hours, either before or after the games; presenting a great entertainment package when you choose this event.

*The Ultimate Tailgate Challenge* is a high energy, fun and competitive event, so a winner must be crowned at the Closing Ceremonies. The team with the top score has the honor of taking home *The Ultimate Tailgate Challenge* Trophy!
