Did you know that Halloween has climbed right up the holiday charts and is now the second most popular holiday, second only to Christmas? Celebrating Halloween at work appeals to the child in each of us and helps create a motivational, team work-oriented work culture.

Pumpkin Carving team building events range from the traditional “jack-o-lantern” style, to brilliant and imaginative works of art. Pumpkin carving/sculpting has been a tradition in America for decades, and accompanies one of the most creative and whimsical holidays, Halloween. Between costumes, candy and the frightfully fun tradition of trick-or-treating, Halloween can’t be beat!

That’s why we decided to bring the fun to you and your team, year round. To save the mess of clean up, we have extremely realistic foam pumpkins that come in various sizes. They look like pumpkins and most importantly, they’ll carve like a pumpkin! Your group will get a team building event that is lively and engaging, because for us, fun is the name of the game. So let’s bust out the carving gear and see what you’ve got! In October, real pumpkins are available for your carving pleasure.

Your master pumpkin sculptor will bring carving tools, pumpkins, gourds and assorted vegetables. Don’t worry about making a mess, aprons are supplied!
