

TEAM PAINTING

Introducing a new painting experience!

We've taken the best of team building, the technology to paint custom artworks, the fun of painting events — and boxed it for you.

Everything you need is inside, including our free app that takes your team through ALL the steps from start to WOW!

CUPIXEL SKETCH IS THE NEW PAINTING EXPERIENCE

CELEBRATE UNIQUENESS WHILE UNLEASHING CREATIVITY

Every person is unique.
Their artwork should be too!

With Cupixel, everyone can paint
any image – their kids, their pet
or even their boss :)

Use your own photos or choose
from the 100s in the Cupixel gallery.

THE INSPIRATION WALL

This is one of our most popular
concepts for team building events.
Create a beautiful inspiration wall
at the office.

Each team member paints a
meaningful word they choose.
Cover an office wall with inspiring
statements created by employees,
your company logo or vision.

POWERFUL ENOUGH FOR CREATIVE FOLKS AND SIMPLE ENOUGH FOR EVERYONE

In-app style options cater to everyone, from newbies to pros. The step by step app ensures painting success, no matter what the skill level.

To create a highly precise artwork, the Cupixel App uses innovative Augmented Reality (AR) technology. This is a fun and empowering experience that anyone can do.

TAKE THE MAGIC HOME

The fun doesn't end with the event. Each team member receives the Cupixel Art Box to take home with them. This serves as a rewarding gift.

Extra canvases can also be purchased.

The end result is a framed 7x7 inch, accurate and stunning artwork participants can hang with pride.
