

Immersive virtual wilderness survival escape game!

Key Benefits

- ✓ Explore Remote Leadership
- ✓ Engage Co-Workers
- ✓ Practice 'Virtual' Soft Skills
- ✓ Collaborate Online
- ✓ Build Resilience
- ✓ Maintain Connection

A team retreat is interrupted by an incoming storm alert. They will be snowed in within a matter of hours without power! What is their next step?

60 – 90
minutes

8 – Unlimited

Activity Overview

- To survive, teams must confront a series of winter wilderness survival challenges including knot tying, identifying animal tracks, first aid, mountain awareness and more
- The challenges lead them to the final task of signaling their rescue plane to touch down and deliver them to safety
- Each individual team member is invited to the activity with a QR code and clear instructions on how to download the App
- The activity kicks off with a charismatic facilitator setting the scene and getting teams ready for the challenge ahead
- The group is then split into breakout rooms of 4-5 people
- Individuals are encouraged to dress up warm as they move outside to embrace the 'virtual' storm!

**CAN YOUR TEAM
MAKE IT TO SAFETY?**
