High energy, tech-driven
strategic game with fun,
inclusive football-themed
team challenges

Activity Overview

- Soccer Quickfire is a competitive app-based team-building extravaganza designed to get everybody 'on side' and have maximum fun
- With each team representing a 'FIFA World Cup Squad' players start the game with a fully loaded iPad, a holdall of soccer equipment and a small amount of currency
- Their mission is to invest wisely, out-manoeuvre other teams, and complete as many challenges as possible in order to maximise points before the referee blows the final whistle
- The mental, creative and active tasks offered on the tablet menu come with varied difficulty levels and take various forms –action photos, video performance, football trivia multiple choice, logic puzzles and more!
